Weeroona College Bendigo Vision Statement
Students at Weeroona College Bendigo are actively engaged in their learning which is personalized according to their needs and interests. Our students are independent; know what they need to learn and our teachers challenge and support them to achieve personal excellence.
FROM OUR PRINCIPAL

Help for Parents with Adolescents on Social Media
Schoolwellbeing.com.au is proud to release its new series “Adolescents on Social Media: A Guide for Parents” which Weeroona College Bendigo is making available to our parents and students over the coming weeks.

The series of six short videos presented by Youth Worker and Cyber Safety advocate Jamie Roberts aims to provide schools with a resource that will assist in reducing the amount of conflict that flows into the school via social media. Parents will gain a better understanding of how teenagers use social media, and be provided with a range of strategies and suggestions for helping their children manage their online reputations, and assist in reducing the risks associated with the privacy and social networking.

Click on the link to watch the introduction and stay tuned for more information on the first video.

Leanne Preece
Principal

FROM THE ASSISTANT PRINCIPAL

STEM class – The Need For Speed Challenge at Quantum
Last Friday I was fortunate enough to be able to accompany our year 8 STEM class down to Quantum. This was our student’s fourth and final visit to race the Formula 1 cars that they had designed and built.

During this program, students designed a Formula 1 racing vehicle using Computer Aided Design (CAD) software, engaged in mathematical modelling, analysed computational fluid dynamics by using a virtual wind tunnel, and then constructed their design using a manufacturing unit. They then raced their designs to see who truly had “The Need for Speed.” This program is multifaceted and multidisciplinary. It inspires students to learn about engineering principles such as physics, aerodynamics, design, manufacturing, leadership, teamwork, media skills and project management, and then apply them in practical, creative and exciting ways. It raises awareness of careers and pathways related to Science, Technology, Engineering & Mathematics (STEM). Students used industry level, 3D CAD/CAM and simulation technologies to design, analyse, test, manufacture and race miniature CO2 powered balsa wood cars.

Quantum is an innovative centre bringing science and mathematics education to life for students, teachers and the wider community. Funded by the Department of Education and Early Childhood Development (DEECD), Quantum Victoria is a national and international provider and leader of Science, Technology, Engineering and Mathematics (STEM) Education.

Quantum Victoria integrates research methodologies and investigative science and mathematics education to provide rich programs that will excite students about the Physical Sciences, Technology, Engineering and Mathematics.

Our STEM students have been very fortunate to access this program and I would like to thank the teachers that have made this possible.
Parking around the school
When picking students up at the end of the school day it is important that parents/guardians adhere to all parking signs. Knight Street has some parking bays that are 2 minute drop off and pick up zones during the beginning and the end of the school day. Napier Street is very busy at the end of the school day. Both the town bus and country bus stops are located at the front of the school in Napier Street. Parking is not permitted at the front of the school as indicated by the no stopping signs.

If parking on the other side of Napier Street, please encourage students to cross at the traffic lights. I am also aware of some students catching the bus from outside Napier Park Funeral Home who are not using the traffic lights to cross Napier Street. It is very dangerous to be crossing the busy road at that time of night. Parking in the staff car parks (both Knight Street and Napier Street) is not permitted at the end of the school day; this poses a safety risk for students that are leaving the school grounds.

After School Detention
I would just like to remind parents and students that we hold after school catchup classes and after school detentions on Wednesday nights from 3:30 to 4:15 in Merin Learning Community. Students are notified of the after school sessions by Learning Community Leaders and also using the Weeroona Learning Support Dashboard.

Jason Bysouth
Assistant Principal

SPORT
Sarah Wall Presentation
On Thursday 16th July, Sarah Wall spoke to both the VET Sport and Recreation class and girls who are extremely interested in Netball.

Sarah is a high quality netballer who has represented Australia in netball at the Commonwealth games and played in the national competition (ANZ Championships) for Melbourne Phoenix, Melbourne Vixens, NSW Swifts and Queensland Firebirds. Sarah was also the founder of sports leadership and promotional agencies Jeanieboy.

Neon Net-fit is an arm of Jeanieboy. Sarah also ran a variety of sessions of Neon Net-Fit at the college for community based clubs.

Sarah also spoke about building resilience and her experience in developing her company. Sarah was genuinely inspirational in her address and all in attendance benefited by the presentation that Sarah delivered.

CONVEYANCE ALLOWANCE
Application forms for Conveyance Allowance are available from the General Office or can be downloaded from our college website: www.weeroona.vic.edu.au. We now require a completed application form each year for each student/family.

Application forms need to be returned to the General Office by Friday 21st August. Please note that those students claiming for a public bus pass also need to send in a copy of their receipt of their half yearly pass in order for their application to be approved.

If you have already made a claim this year for a yearly pass, you do not need to complete another form.

FROM THE GENERAL OFFICE
Parent Opinion Surveys
Parent Opinion Surveys were recently sent out to randomly selected families, thank you to those who have returned them, the winner of the $50.00 Officeworks will be announced next week.

Conveyance Allowance
Application forms for Conveyance Allowance are available from the General Office or can be downloaded from our college website: www.weeroona.vic.edu.au. We now require a completed application form each year for each student/family.

Application forms need to be returned to the General Office by Friday 21st August. Please note that those students claiming for a public bus pass also need to send in a copy of their receipt of their half yearly pass in order for their application to be approved.

If you have already made a claim this year for a yearly pass, you do not need to complete another form.

Loddon Mallee Primary School Netball Carnival - Weeroona Umpiring
On Friday 17th July, the Loddon Mallee Primary School Netball Carnival was held at the Golden City Netball Courts. The day is an extremely busy one with over 500 students from across the region participating in the competition.

Weeroona College Bendigo had 36 girls play a major role in the day by umpiring the games throughout the course of the carnival. All girls did an excellent job and were fine ambassadors of the college. Thanks to Mrs Stephens who helped to co-ordinate the girls on this day.
Loddon Mallee Primary Football Carnival – Weeroona Umpiring
Twenty boys from WCB were involved in assisting to umpire at the Loddon Mallee Primary School Football Carnival held at Catholic College Junortoun on Wednesday 24th July.

All boys involved did a fine job in their designated roles and were fine ambassadors for the college. Thanks to Mr Aylward for his supervision throughout the course of the day. Well done to all involved.

Netball Victoria Multicultural Sports Day
On Thursday 16th July over 30 students from Weeroona College Bendigo took part in the AFL Victoria/Netball Victoria Multi Cultural Sports day held at the North Bendigo Football Ground. All boys and girls involved in the day were engaged and enjoyed the experience. A highlight of the day was the announcement of Hser Mu La Paw who was officially announced as the Junior Multicultural Netball Ambassador for the region. Well done. Thanks to Mrs Pollard for her efforts in helping co-ordinate the students on the day.

WORLD CHALLENGE 2016
In 2016 Weeroona College Bendigo will again be participating in the World Challenge Program. So far the College has participated in one expedition (in 2014) to Vietnam, where 5 students from years 9 and 10 were able to participate in a fantastic month long trip. So far 5 students have begun the preparation for Borneo in 2016. World Challenge provides a safe environment for students to explore the limits of their comfort zone allows them to develop key skills to build successful and rewarding lives.

PROGRAM BENEFITS FOR STUDENT:
Students who participate in a World Challenge expedition will embark on an amazing journey of self-discovery. The life skills they learn will help to prepare them for adulthood and the world beyond home.

SKILLS FOR THE REAL WORLD:
The pre-departure program as well as the many program benefits for students combine to work side-by-side with the aims of the curriculum and the framework of personal learning and thinking skills.
Students develop skills in the areas of:

- Resilience
- Global perspective
- Confidence
- Leadership
- Responsibility

By planning their own itinerary and travelling overseas, volunteering in a developing community and trekking through challenging terrain, students come back with a different perspective on life as they ‘knew’ it.

If you are interested in participating in the Weeroona College Bendigo World Challenge Program in 2016 please contact Mr Trent Bysouth at the College.

GLOBAL LEARNING CENTRE

Woolworths Earn & Learn 2015

This year we will be participating in the Woolworths Earn & Learn program. Through this program we will be able to get new educational resources for our school and all we need you to do is shop for your groceries at Woolworths.

From Wednesday 15th July to Tuesday 8th September, we are collecting Woolworths Earn & Learn Sticker Stickers. You will get one Woolworths Earn & Learn Sticker for every $10 spent (excluding liquor, tobacco and gift cards). Place the Woolworths Earn & Learn Sticker onto a Woolworths Earn & Learn Sticker Sheet and when it’s complete, the Sticker Sheet can be dropped into the Collection Box here at the school or at your local Woolworths.

At the end of the promotion, we’ll be able to get some great new equipment. The range is extensive and offers lots of items ideal for our students – including resources for Maths, English, Science and some fantastic fun supplies for Arts & Craft, Sport and for our library. If you’d like to know more visit woolworths.com.au/earnandlearn

ADVANCE CLASS

Fiji Appeal

Weeroona College’s Advance Program is an elective class allowing hard working students to contribute to local and global community work projects.

Our aim is to create positive changes in the community and help those less fortunate. In past years, the class has undertaken projects such as volunteering with the CFA, homelessness awareness projects and working with aged care services. Two years ago, the class travelled to a rural village in Fiji to help repair a church ravaged by a tropical cyclone. This year, we are planning a similar trip to help a rural village called Natalau to establish a kindergarten. We will also provide the children and community with much needed supplies so they can receive a better education and improved living conditions.

The class has partnered with Sandhurst Rotary Club to strengthen our community involvement and to assist Rotary with some projects they are undertaking. The club has also supported our class by donating an overnight camp experience to prepare for the Fiji trip. We are extremely grateful to Sandhurst Rotary for allowing us to present at their monthly breakfast meeting and supporting our cause. The Advance class would also like to thank the Golden Square Football Club for providing us the opportunity to raise money through raffle ticket sales on the day of their football match.

At this time, we are appealing for donations to send over to Fiji. The school children in Natalau are in desperate need of necessary items such as books, stationary (pencils, crayons, pens, etc), towels, shoes, sporting gear, children’s clothes and school bags. Donations can be handed in at the office at Weeroona College Bendigo. We are also looking for donations of prizes to use at our various fundraisers, especially our upcoming Trivia Night in October. All donations are very much appreciated.

The Advance Class iPad raffle was won by Mr G Flynn. We would like to thank everyone for supporting this fundraising venture.

MUSIC NEWS

Fretworks

The Fretworks camp will be held on Monday 14th September until Thursday 17th September. This will be held at Bendigo Senior Secondary College in the B Block. This camp is for all guitar students and costs $100. Payment must be made to the office prior to the camp. You will need to bring your instrument, amp, lead and music stand all labelled with your name on it. You will also need a pencil and packed lunch.

For more information, please see your guitar teacher.
SCIENCE NEWS

The UniBridges program at Weeroona College Bendigo is an elective in year 10 and it provides a pathway for students who want to study Science, Technology, Engineering and Mathematics at La Trobe University. This term the UniBridges class visited La Trobe University in Bendigo for a careers day. There were many activities on offer. Students looked at biomedical devices and made their own heart rate monitor. In the paramedicine demonstration, students investigated some of the advanced rescue equipment and spoke to paramedics about their vocation. Other students explored disease and diagnosis with a focus on malaria and looked at current research in nanotechnology. All students agreed it was an inspiring experience and helped them gain insight into some of the many options for further study at La Trobe University.

STEM NEWS

Throughout the year, students from our Year 8 STEM class have been writing articles for the College Newsletter informing our College community of the great work they have been doing. In this edition it’s my turn to give some insight into what projects we have been working on and acknowledge the fantastic work of the staff involved.

One of my roles at Weeroona College Bendigo is as the New Pedagogies of Deeper Learning Leader, which is a global initiative aimed at increasing student engagement through deeper learning opportunities which are relatable beyond the classroom. I am also one of the teachers fortunate enough to be working with the year 8 STEM class. From a staff perspective, we feel extremely fortunate to be given the opportunity to work collaboratively across the curriculum to develop projects that will engage our students and ignite their imagination.

Over the year, the STEM class has been involved in many excursions and incursions related to Science, Technology, Engineering and Maths. They have used these experiences to take back to the classroom and are working towards sharing their insight with peers and other staff across the College.

A major project the class has been working on is designing, building and racing Drag Cars, with their Technology teacher Mr Mark Adams. Mr Adams has been a driving force (pardon the pun) in ensuring the success of this class and has worked collaboratively with myself, as their Science teacher, to build the students mechanical understanding and technical vocabulary. Ms Sarah Trew is the class’ Maths teacher and has done various activities with the group using different technologies. The most recent project they are working on involves Lego Robotics. Ms Carolyn Jones was the class Advisor and English teacher during the first Semester and worked with the students to publish Newsletter articles and submit proposals to School Council regarding the work they had been doing and wished to do. Ms Marion Stewart, took the students for Visual Communication last Semester and worked with the students to design a STEM logo the class could affiliate itself with. Mr Tim Lawrance is the Humanities teacher and also has a knack for film making; he has worked with the students to develop various multimedia publications showcasing the fantastic work that they are doing. I would also like to give mention to Ms Jean Stephens, who is head of Science, for her outstanding contributions in ensuring this class has been given the opportunity to attend many science related excursions.

As a staff, we look forward to continuing to engage and challenge our students throughout the last half of the year. Congratulations to the staff and students involved in this fantastic class for the hard work you have all put it.

Michelle Griffin
New Pedagogies of Deeper Learning Leader

ENERGY BREAKTHROUGH

Energy Breakthrough is a program designed to provide opportunities for students, teachers and parents to work together to design and construct a vehicle. We work as a team to construct pedal powered vehicles which we enter in numerous races throughout the year. This year we are hoping to raise awareness and funds for the Cancer Council and Suicide Prevention Awareness Network (SPAN), in addition to raising funds for the team.

SPAN aims to create suicide awareness in the community so those faced with loss or feeling they have nowhere to turn, have the support they need, SPAN was
founded to support the families, friends and loved ones of those who have lost someone to suicide. Cancer Council Australia and its members undertake a broad range of activities including research, prevention, patient support, treatment, advocacy and fundraising all of these things help to make a dent in the disease that affects so many.

At the end of third term, Weeroona College Bendigo’s Energy Breakthrough will be holding a 24 hour, stationary cycling event at the College, raising money for SPAN and Cancer Council and aiming to create awareness in our College and community. Any support would be greatly appreciated by our dedicated staff and students.

*Sian Burke, Kane McNamara & Georgina Bell
WCB Students*

**Energy Breakthrough Fundraiser**
A big THANK YOU to all the staff, students, parents and families that came and supported Weeroona College Bendigo’s Energy Breakthrough this year by attending a dinner at the Bendigo Stadium on Tuesday 4th August. Your support is greatly appreciated.

**FOOTY COLOURS DAY**
The Face Painting club joined in on the fun of Footy Colours Day, painting and stencilling students for a gold coin donation to help the Indonesian students heading to Bali at the end of the year. We painted about 20 students during lunchtime in a range of team colours.

**WCB CIRCUS CLUB**
This term the Weeroona College Circus Club will begin. Students interested in face painting, juggling, fire twirling, hula hooping, parkour, acrobatics etc. can see Mr Vern in Wannop for more information.
FROM THE SCHOOL NURSE

Dental Health Week: 3rd – 9th August 2015
Dental Health Week aims to educate Australian’s about the importance of good oral health. All children should have an oral health check by two years of age. Dental check-ups can help to identify and treat any problems early. Everyone has different oral health needs and risk levels.

Keeping children’s teeth healthy:
Tips for keeping children’s teeth healthy include:
- Help your child to brush their teeth until they are about seven or eight years old. Brush twice a day; in the morning and before bed.
- When children start brushing their own teeth, check to see that they have removed all of the plaque (build-up on teeth).
- Eat a wide variety of nutritious foods and keep healthy snacks easily available.
- Avoid sugary foods and drinks, and highly processed foods, especially between meals.
- Offer tap water regularly. Most of Victoria’s tap water has fluoride in it, which is good for teeth.
- Look in your child’s mouth often to check for any early signs of tooth decay.

PLEASE NOTE: The Commonwealth Government dental scheme provides eligible children with a $1,000.00 free kids dental benefit on selected dental services within a 2 year calendar period.

To gain access to benefits, children must be eligible for Medicare, must be between 2 & 17 years of age with the child, parent, guardian or carer receiving Family Tax Benefit Part A or another relevant government payment. If you’re not sure, contact Pacific Smiles Dental Centre, have your Medicare card ready and they can easily check to see if your kids are eligible.

FROM THE WELLBEING TEAM

Mindfulness is a special way of paying attention that can help with how you cope with everyday life or deal with tough times, and there are great benefits for your physical and mental health.

You might find this useful if:
- You’re not sure what it means to be mindful
- You’d like to be more mindful
- You’re interested in tips to improve your mental and physical wellbeing

What is mindfulness?
Mindfulness is about training yourself to pay attention in a specific way. When a person is mindful, they:
- Focus on the present moment.
- Try not to think about anything that went on in the past or that might be coming up in future.
- Purposefully concentrate on what’s happening around them.
- Try not to be judgemental about anything they notice, or label things as ‘good’ or ‘bad’.

We spend so much time thinking over stuff that has happened in the past, or worrying about things that may happen in the future, that often we actually forget to appreciate or enjoy the moment. Mindfulness is a way of bringing us back to experience life as it happens. When you’re mindful, it:
- Helps clear your head.
- Helps you be more aware of yourself, your body and the environment.
- Helps to slow down your thoughts.
- Slows down your nervous system.
- Helps you to concentrate.
- Helps you relax.
- Can help you cope with stress.

Who is mindful for?
Mindfulness is something that everyone can develop, and it’s something that everyone can try. It’s been practiced for thousands of years, with origins in Eastern philosophy, and over the past 40 years, it has been taken up in western societies. People can increase their mindfulness in everyday life, through activities like meditation and yoga, or even by simply paying more attention during regular activities like walking, driving or something as basic as brushing your teeth.

Why build mindfulness?
There is a lot of evidence on the many benefits of mindfulness; it can:
- Help to relieve stress
- Help to improve sleep
- Help manage depression and/or anxiety
- Help you to be less angry or moody
- Improve memory
- Help you learn more easily
- Help you to solve problems more easily
- Make you happier
- Help you to be more emotionally stable
- Improve your breathing
- Reduce your heart rate

What can I do now?
Check out Smiling Mind - a tool that can help you find clarity and contentment.

- Children 12 & Under free
- Men Welcome
We’re thrilled to invite you to participate in this year’s Woolworths Earn & Learn program. Find out how to earn educational resources for your school or Early Learning Centre in this handy flyer.
There are thousands of educational resources available through the Woolworths Earn & Learn Program

It’s time to register
Whether you’re a new or returning school it’s time to register. Use your unique User Name and Password provided in the letter sent to your School Principal or Early Learning Centre Director. Visit teaching.com.au and follow the registration instructions from there. If you can’t locate your User Name and Password, you can contact Modern Teaching Aids Customer Service on freecall 1800 251 497.

It’s simple to participate
From Wednesday 15th July to Tuesday 8th September 2015, when your staff and parents shop at Woolworths they can collect Woolworths Earn & Learn Stickers from the checkout operator and place them on a Woolworths Earn & Learn Sticker Sheet. There’ll be one Woolworths Earn & Learn Sticker for every $10 spent (excluding liquor, tobacco, and gift cards). Once completed, simply place the Sticker Sheet in the Collection Box, either at your school or at your local Woolworths.

Same great partnership with MTA
We’re proud to say we’re partnering once again with Modern Teaching Aids – Australia’s biggest supplier of resources for schools. This means you can choose your resources based on your unique needs, across every category possible including Science, Sports, Mathematics, English, Arts & Crafts, and more.

Next Steps
Inform and encourage your school community
Be sure to encourage your parents, teachers, and kids alike to support the Woolworths Earn & Learn program by collecting Earn & Learn Stickers at their local Woolworths between 15th July and 8th September 2015. Templates for emailing and writing to parents can be found on teaching.com.au.

Woolworths Earn & Learn Sticker Sheet
Once collected, the Stickers need to be stuck onto a Sticker Sheet. Please print out Sticker Sheets for your students. These can be downloaded from woolworths.com.au/earnandlearn.

Use your Earn & Learn Collection Box
Put your Collection Box in a prominent place at your school. Be sure to let everyone know to place their completed Sticker Sheets in the Collection Box.

Nominate for a Collection Box at your local store
Visit your local Woolworths to nominate your school for a Collection Box that will be displayed in store. Each store will have up to five boxes, so be sure to get in early and claim your box. You’ll need to ensure that you regularly empty your box to enable customers to keep filling it up with Sticker Sheets. At the end of the program, you’ll need to compile all of your completed Sticker Sheets to send back to Woolworths – a mailbag will be provided closer to the time.

For more information, including Sticker Sheets and answers to frequently asked questions, please go to woolworths.com.au/earnandlearn
